CONGO ROOFING

It is the fruit of years of experience in roofing materials. It is something new in the same sense that the great turbine steamers are new. And as such superior to other roofings as the turbines are to the "Clamont" which Robert Fulton sent up the Hudson.

SPORTS

BOXERS READY AND ACHING FOR FRAY

Jack McFadden found a new sparring partner at the Hotel baths yesterday afternoon in the shape of Harry Binko, an apprentice aboard the British bark Hoywood at present in the harbor. The sailor weighs over 160 pounds and proved to be a rough and willing customer. The pair boxed three lively rounds.

Australian Tommy Lane next donned the mitts with the red top and four rounds of clever work followed. McFadden is practically down to weight and says that he never felt better in his life, a statement which is entirely borne out by Jack's splendid appearance.

Reilly worked at the Heulani boat-house yesterday afternoon with George Willis. He is as fit as the proverbial fiddle and is fairly aching for the fray. Reilly has cut out boxing from his repertoire of training stunts and his work today consists of road exercise and light gymnasium work.

McFadden let the road take care of itself this morning and played handball with Tommy Lane instead. Handball is an ideal form of exercise for boxers and McFadden is quite an expert at the sport.

Tomorrow both lads will take matters easily. Neither will do any boxing and their exercise will be mostly with skipping rope, light dumbbells and the Whitley conditioner.

The referee will be decided upon at a conference of both parties tomorrow night at 8 o'clock at the Pantheon saloon. Those named for the job are Mike Patton, Paddy Ryan, Larry Twomey, Bert Bower, Billy Woods and Jack Doyle.

The advance sale of seats is now on

and there has been a brisk demand for seats since business started this morning at the Fitzpatrick cigar store at the corner of Fort and Hotel streets. There is much enquiry for stage seats and it looks as if the contest of these would be very quickly disposed of.

Manager Fred Smith of the Central Athletic Club is leaving no effort unspared to secure the comfort of visitors to his open air arena situated on the mauka side of Hotel street nearly opposite Bethel street. The seating arrangements have been overhauled and several more electric lights installed.

Both lads appear to be equally fancied. The San Francisco crowd are firm friends of Reilly and figure that he has much more class than his opponent, taking a line through his three bouts with Johnny Murphy.

On the other hand McFadden's friends can prove to their own satisfaction that their man has done just as well or better in the roped arena than Frisco Charlie. You can't talk of Jack's defeat to them.

It is generally thought that the bout will go at least twelve rounds, indeed the majority of dopists figure on a limit battle.

McCullough is a slight favorite over Wahilani but so slight that one can hardly notice it. The Lane-Willis preliminary so thought to be as even an affair as a boxing contest can well be.

One thing is certain and that is that every boxer billed to appear will enter the ring in good condition. Another thing equally certain is that every man is a tryer from the word go. What more can ring patrons ask for or desire?

LAUKEA CLEARED

COMMITTEE FINDS THE COUNTY SHERIFF NOT GUILTY AND ISOI OUT OF REACH.

"We, your committee, duly appointed to investigate the alleged bribery in the Laukea-Isol matter, do submit our findings, as follows:

"(1) Your committee has made a thorough and careful investigation of the Laukea-Isol matter, and find, after much inquiry, that no bribery has been committed whereby a criminal charge could be made against Sheriff Laukea, in accordance with the testimony adduced in this matter.

"(2) In so far as Isol is concerned, your committee is of the opinion that he (Isol) was very much in favor of transgressing the laws by attempting to bribe Sheriff Laukea, but inasmuch as the Sheriff had made no provision for his arrest as a briber, therefore Isol escaped the clutches of the law and from being charged with the serious offense of bribery.

"Therefore your committee finds Sheriff Laukea not guilty.

"A copy of the testimony taken in this matter is hereto attached and made a part of these findings.

"J. M. KEALOHA, "Chairman, "JOS. J. FERN, "F. K. ARCHER, "Committee."

When the foregoing report had been read by County Clerk Kalaokalani, at the meeting of the Board of Supervisors last night, Chairman Hustace in a surprised tone asked if that was all of the report. On receiving affirmative nods and meekly uttered words to the same effect, he asked Mr. Cox to take the chair and then moved "that this report be rejected and that the evidence be placed at the disposal of the board to let it draw its own conclusions."

Messrs. Harvey and Archer, before the motion was seconded, warmly supported the action of the committee, Archer's part being to object to any discussion of it while the motion was unseconded. Mr. Dwight came to the rescue as seconder and a vote was forthwith taken. Only the mover and seconder voted for the motion, five members voting against it. By the same vote reversed the report was adopted.

It was also made apparent that the majority wanted the testimony attached to the report placed on secret file. Mr. Hustace had urged that the testimony be placed at the disposal of the newspapers, but the spokesmen of the majority objected strongly to the proposals.

"There are things in it that should not be published," Mr. Harvey explained.

Mr. Archer appealed to the minutes of the meeting that ordered the investigation, to show that the chairman was in error in claiming that the investigation was intended to go into police station methods generally. The resolution was read and found to be confined to the Laukea-Isol matter.
